

ZEISS Victory® Harpia Spotting Scopes

Harpia 85 (22-65x)
95 (23-70x)

INNOVATION BEYOND ESTABLISHED FUNCTIONS.

This characteristic of successful product development is synonymous with ZEISS and is well represented in the new Victory® Harpia.

This spotting scope features the Dual-Speed Focus system, allowing the user to move between near objects and long-range targets quickly, while enjoying the benefits of fine focusing and sharpness correction.

A notable innovation of the Victory® Harpia is the relocation of the magnification ring from the eyepiece to the spotting scope body, alongside the focus wheel.

This allows for quick, one-handed operation – even with gloved hands – and a constant 72° wide angle of view throughout the entire zoom range.

FACTS:

Intelligent innovations for exceptional results:

FL lenses:

Natural color fidelity, high contrast, brilliance and the finest detail rendition.

LotuTec® coating:

The dust-, dirt- and water-repellent coating guarantees a permanently clear view.

Dual-Speed Focus system:

Precise focusing with automatic switch between fast- and fine-focusing drive.

Magnesium materials:

The combination of extremely lightweight and strong materials guarantees quality that lasts for generations.

Victory® Harpia

High-Performance Eyepiece

Slim construction for a comfortable viewing experience. Secure and lockable bayonet mount.

Elaborate Optical Design

FL lenses and other specialty manufactured glass types ensure a razor-sharp viewing image with natural color fidelity, even at maximum magnification.

Extremely Broad Wide-Angle Field of View

Subjective angle of view of 72° throughout the entire zoom range for a noticeably greater overview of the terrain.

3x Power Zoom

Smoothly change the magnification from 22-65x (Harpia 85) and 23-70x (Harpia 95).

Dual-Speed Focus

Precise focusing with automatic gear switch between fast- and fine-focusing drive.

LotuTec® Coating

LotuTec® hydrophobic lens coating provides a clear view in all weather conditions. Raindrops and dirt simply roll off the lens.

Harpia 95

The revolutionary optical system features a 3x wide-angle zoom, up to 70x magnification and an objective lens diameter of 95 millimeters. The extremely wide fields of view prove their worth in every situation. The Harpia 95 also features precise focusing. Convenient automatic transition from rapid- to fine-focus adjustment, even at high magnification, sets the Victory® Harpia apart and places it well ahead of other premium spotting scopes.

Harpia 85

The Harpia 85 features many of the same advantages of the Harpia 95, but it has a lighter and slightly more compact chassis. The use of FL lenses and other specially formulated glass types allows the Harpia 85 to deliver an absolutely sharp viewing image with natural color fidelity – even at maximum magnification of 65x. The subjective angle of view of 72° throughout the entire zoom range provides a noticeably greater overview of the terrain.

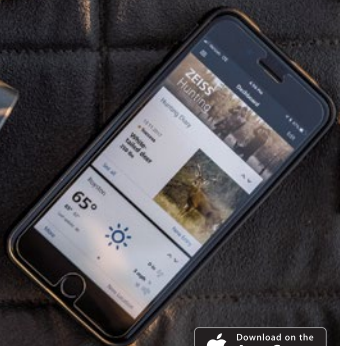

ZEISS HUNTING APP

In order to maximize the use, features, and benefits of your ZEISS products, we invite you to download the ZEISS Hunting App. This free app offers unique and easy-to-use information at your fingertips.

Length	2.8 in	
Weight	7.8 oz	

ZEISS WARRANTY AND NO-FAULT POLICY

WE'VE GOT YOUR BACK!

Every product we make is backed by an industry leading, limited lifetime, transferable warranty. Additionally, our NO-FAULT POLICY provides an extra measure of protection. For the first five years of ownership, we will repair or replace, without charge, any new Victory® or Conquest® riflescope, binocular, rangefinder or spotting scope which becomes damaged during normal and intended use. Because we want you to buy our products with as much confidence as they provide you with in the field,

IF IT BREAKS, WE'LL FIX IT. PERIOD.
